

Builders Bag

We specialize in manufacturing high-quality Builders Bags designed for heavy-duty applications in the construction, landscaping, and waste management industries. Made from reinforced woven polypropylene (PP) fabric, our Builders Bags provide exceptional strength, stability, and durability for transporting and storing bulk materials.

Why Choose Our Builders Bags?

- ✓ High Load-Bearing Capacity: Supports up to 1000 kg – 2000 kg of material
- ✓ Tear & Puncture Resistant: Designed for rough handling and extreme conditions
- ✓ Weatherproof & UV Stabilized: Suitable for outdoor storage and long-term use
- ✓ Easy Handling & Transport: Equipped with sturdy lifting loops for crane or forklift use
- ✓ Customizable Options: Available in different sizes, fabric strengths, and branding options.
